

PLANNING CONTROL OF GERMAN FINANCE

American - English - French
Combination Bank Stirs Up
Delegates at Geneva.

IDEA ORIGINATED IN U. S.

Basis of Security to Be Tenton
Property Held Here Under
War Seizure.

By RAYMOND SWING.
Special Cable to THE NEW YORK HERALD.

New York Herald Bureau,
Berlin, Dec. 4.

A plan for an American-English-French bank to replace the German Reichsbank in issuing paper money and to control German finances is reported in the *Zeitung am Mittag* as causing lively discussion among the delegates to the League of Nations in Geneva. The plan, it is stated, is of American origin and was discussed at the recent meeting of Premiers Lloyd George and Leygues and is what the British Premier had in mind in his recent references to control over German finances.

The security on which the bank will work is German property in America, now valued, it is said, at 4,000,000,000 marks.

"The 4,000,000,000," the despatch states, "are considered as a gold reserve of 2,000,000,000, and on this basis not more than 10,000,000,000 in new notes are to be issued. The bank would only be founded on condition that the Reichsbank relinquishes the right to issue currency. The Reichsbank would buy in the old mark notes at a ratio of six to one. In this way they hope the mark can be stabilized and values affected by the mark be increased and American exports stimulated.

"It goes without saying that such a bank would be tantamount to absolute financial control under the consent of the international financial commission. The only obstacles on the part of the Entente to the plan are the French reparations claims, which have to be regulated before such an institution could be founded. But Americans expect that English and Italian influence on France would suffice to obtain an agreement, especially as France's own recovery depends on it."

W. D. VANDERLIP SAILS.

LONDON, Dec. 4.—Washington A. Vanderlip, the American who recently returned from Russia with the announcement of important concessions in Siberia granted to an American syndicate through him, will sail to-day for New York on the Aquitania.

Mr. Vanderlip said to-day that upon arriving in the United States he would proceed to Washington to confer with his backers and also with leading Republican Senators regarding the opening of trade with Soviet Russia.

BERLIN PLEBISCITE PROTEST.

BERLIN, Dec. 4.—The Government has begun the preparation of a note of protest against the communication of Premier Lloyd George of Great Britain sent in behalf of the Allies in which it was proposed to revise the treaty provision of holding the Upper Silesian plebiscite.

BOLSHEVIKI LAND AND JOIN TURKISH FORCES

Kemal Sends Part of His
Army Against Greeks.

By the Associated Press.
CONSTANTINOPLE, Dec. 4.—Bolshevik troops are reported to have landed at Trebizond and Mustapha Kemal Pasha, the Turkish Nationalist leader, is said to be sending part of his army against the Greeks on the Smyrna front.

Control of Ineboli, a seaport on the Asia Minor coast of the Black Sea, has been assumed by the Russian Bolsheviks, according to a report reaching this city. Col. Oukonoff, who has been identified with the Russian Soviet Government, is said to have appeared when a steamer reached Ineboli, and to have prevented the landing of passengers.

It is asserted that he declared that he had orders from the Soviet Government not to permit assistance to reach the Turks except from the Bolsheviks.

The Semi-Nationalist organ, *Heri*, commenting to-day on President Wilson's acceptance of the invitation of the League of Nations to act as mediator in Armenia, says:

"The American President is renewing his sympathy toward the Armenians. The object of mediation naturally is re-establishment of friendly relations between the two parties. This achieved, settlement of minor differences arising over the question of frontiers and racial prejudices is possible through mutual efforts. The principal duty of the League of Nations is reconciliation of the elements inhabiting the disputed regions and to create an atmosphere of peace and respect for their reciprocal rights."

POLISH PEACE ENVOYS QUIT.

Resign Because Diet Decides to
Send Delegation.

By the Associated Press.
WARSAW, Dec. 2 (delayed).—John Dombowski, head of the Polish peace mission in Riga, and several other members of the Polish delegation have resigned because of the Diet's decision to send a Diet delegation to participate in the peace negotiations with the Russian Soviets, according to Riga advices to-day. It is said their resignation may result in prolonging the peace conference, which may continue several months.

The Government will appoint successors to M. Dombowski and the other delegates who resigned as soon as possible.

LATIN LEAGUE URGED.

Central American Union Congress
to Consider Appeal To-day.

SAN SALVADOR, Republic of Salvador, Dec. 3.—Formal opening of the Central American Union Congress has been postponed until Sunday, so that the Nicaraguan delegates might be present. The opening will be held in the Central American Palace, which was given by the late Andrew Carnegie, and will be under the presidency of the Costa Rican Foreign Minister. His address will be answered by the Guatemalan delegate.

An appeal has been sent to all delegates to the conference by the Salvadoran Unionist Committee, which urges the formation of "one great Central American." The committee asked that the delegates might be convened to replace the existing International Central American Office.

FARMER CABINET IN HUNGARY.

BUDAPEST, Dec. 2.—The new Hungarian Ministry, to succeed the Cabinet headed by Count Paul Teleky as Premier, which resigned to-day, will probably be a purely farmer Cabinet, the agricultural interests having displayed the greatest strength of any of the parties.
